### SCOPE OF QUALITY MANAGEMENT SYSTEM ACCORDING TO ISO 9001

#### MANUFACTURING OF ALUMINUM WHEELS

**ADDRESS:** KEÇİLİKÖYOSB MAH. BURHAN KURTOĞLU CADDESİ NO:1  
YUNUSEMRE / MANİSA / TÜRKİYE

Our factory, founded in 2023 on an area of 45,000 square meters, started mass production in the last quarter of 2025.

The facility mainly manufactures forged aluminum wheels for heavy commercial vehicle manufacturers and includes the following processes:

- Material Preparation: Cutting and Preheating
- Forging: Hydraulic Press Processes
- Spinning Process
- Heat Treatment
- Machining
- Surface Treatment Processes
